### Patient/Physician Philosophy:

I believe that the physician/patient relationship is a partnership where my role is that of an advisor. Good communication is essential. I try to listen actively and non-judgmentally to my patients, to be able to meet them where they are to help them understand, treat, and live with their illness, as well as to help them preserve their health.

### Personal Interests:

Spending time with my husband and daughter, hiking, skiing, reading and playing the piano.

### Why Minor & James Medical:

Because I know that if I refer to any of the other Minor & James Medical physicians, my patients will get great care, with smooth communications between the specialties. There is also a friendly collegiality among the physicians and the staff, making Minor & James Medical a pleasant place to come to work.
