Patient/Physician Philosophy:

Each patient is approached as an individual & unique situation so that the treatment program is tailored to insure maximum success. I try to utilize the latest information from medical literature, from my colleagues & from my experience.

Personal Interests:

Spending time with my family. Outdoor activities including skiing (water & snow), biking & gardening. Indoor interests include reading novels, following political affairs and sports & art collectables.

Why Minor & James Medical:

The environment allows the efficient care of patients with the smooth management of complex problems. There is excellent communication between primary care & specialists to resolve difficult illness. On-site laboratory & imaging helps with the execution of this process.
